2.7.1   Students Satisfaction Survey

In order to fulfil the objectives and to determine the student's opinion towards faculty of college, data has been collected through the feedback forms filled by the students of three faculties in Arts, Commerce and Vocations. The students were enrolled in B.A., B.Com., B.Voc. & M.A. in the College. 25 students have been randomly selected from each faculty. The collected data has been analyzed on 5 point likert scale in the context of parameters like – Regularity and punctuality, Discipline and classroom Management, Delivery of lecture, Frequency of questions, Level of assignment, Integrate the subject with real worlds, Concern for the students, Evaluation and assignments, Engagement of students in critical thinking, Interest and curiosity evoked in the students.

Likert scale analysis revealed that 75% of B.A. rated excellent which indicated that they are satisfied with the punctuality and regularity of classes. Data indicates that 72% of B.Com. students rated excellent and none of them were dissatisfied. On the other hand 70% of B.Voc. indicates that students are satisfied with the regularity and punctuality of classes. Similarly 71% of M.A. students rated excellent.

Likert scale analysis revealed that majority of students of all faculty rated excellent and very good, which indicate that they are satisfied with frequency of questions asked by the students.

Regarding **discipline and classroom management** data speaks that 65% of B.Com. students and 62% of BA students rated excellent while only 61% of B.Voc. and M.A. students rated excellent.
